## Registration Office's Director presents registration process for new CMU students using NDID technology as verification and identification platform to NU board and staff

November 4, 2022 — Assoc. Prof. Dr. Phrut Sakulchangsatjatai, along with boards and staff, welcomed Assoc. Prof. Dr.Atthakorn Thongtha, Naresuan University's Academic Assistant to the President and his team on a special occasion and gave a presentation about the registration of new students using NDID (National Digital ID) system, a verification and identification platform for online users, which is utilized to assist the process of student registration for higher efficiency and security.

## Registration Office's Boards speak on CMU application through TCAS'2023 at CMU Open House Online

November 5, 2022 — Assoc. Prof. Dr. Phrut Sakulchangsatjatai and Dr. Ronachai Pratanaphon were invited to speak about the qualifications for CMU application through TCAS'2023 at CMU Open House Online.

# Q.A Can students enroll in more than the maximum number of credits?

Students who expect to graduate within the 2/2022 semester can enroll in **more than 22 credits** (for undergraduates) or **more than 15 credits** (for graduates) upon the Dean's approval. Students must submit a request form to their affiliated departments/faculties from November 21 to December 1, 2022, so that it can be forwarded to the Registration Office prior to the final course enrollment processing on December 2, 2022.

## Let's talk about Course Prerequisite and Enrollment

### What is a prerequisite?
A prior condition for enrolling in a certain course. Students are not allowed to enroll for a course unless all prerequisite is completed.

### Check for course prerequisites on Reg Website
Students can review the course description, including prerequisites, under the "Course Description" menu tab. Once the registration process is complete, check to see if a red "Not pass PRE" tab appears under the course in your registration list.

### No use enrolling in courses with unmet prerequisites
Though enrollment in certain courses is processed, it is ultimately deemed void. Enrolled courses with unmet prerequisites will be removed. If students do not drop the courses within the designated time, they will receive a letter grade "W" instead

### What if I receive a grade I/P for prerequisite courses?
You may enroll in the sequel courses but... you must replace the grade I/P with any letter grade **except** for F/U or else the enrollment of the sequel courses is deemed void and a grade "W" is awarded.

### Check CMR.50 before paying the tuition fee
FINAL CHECK your list of enrolled courses in CMR. 50 report before paying your tuition fee. By the way, the enrollment is considered successful after the University receives the proof of payment.
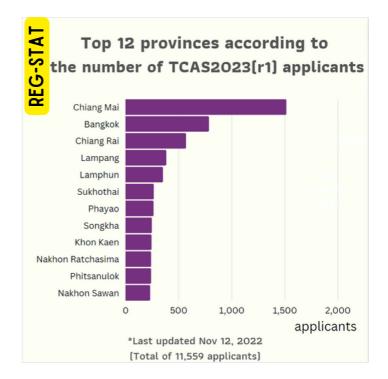

## Transferring Credit from Credit bank

For the 2/2022 semester, the Credit Transfer System (CMU-LE) will be open for undergraduate students from November 14 to December 1, 2022.
More information at https://cmu.to/bV3SI

## Edu and Med Students Graduation Status for Semester 1/2022

Students from Faculty of Education and Faculty of Medicine who have previously registered for graduation by semester 1/2022 can check their graduation status at https://cmu.to/reggrad from November 24, 2022 onwards.

REG-STAT
